Residential Curbside Service with Three-Cart Recycling
Franchise haulers* have the exclusive hauler franchises for providing this service for the unincorporated areas of Orange County. The fees vary depending on services provided. The County maintains a three-cart recycling system – one cart for trash, one cart for commingled recyclables, and one cart for green waste, except in the Rossmoor Area. Our haulers provide bulky item pick-up service two (2) times per year with a maximum of four (4) items per pick-up.

Commercial Service with Recyclables Separated at Material Recovery Facility (MRF)
Franchise haulers all divert most commercial waste to a MRF where recyclables are separated. Haulers provide commercial commingled recycling (newspaper, junk mail, cans, plastics, glass) and commercial cardboard recycling where appropriate.

Multi-Family Commercial Service with Recyclables Separated at MRF
Franchise haulers are required to divert multi-family commercial waste to a MRF where recyclables are separated.

Electronic Waste (E-Waste)
The County of Orange operates and maintains four Household Hazardous Waste Collection Centers (HHWCC) (Anaheim, Huntington Beach, Irvine, and San Juan Capistrano) where residential e-waste can be disposed of for free.

Universal Waste (U-Waste)
The County of Orange operates and maintains four Household Hazardous Waste Collection Centers (HHWCC) (Anaheim, Huntington Beach, Irvine, and San Juan Capistrano) where residential u-waste can be disposed of for free.

Household Hazardous Waste (HHW)
No curbside pick-up service. There are occasional collection events provided for HHW disposal in our canyon areas.

Medical Waste
The County does not participate in the Sharps by Mail program at this time. No curbside pick-up service or collection events are provided for medical waste disposal.

Community-Specific or Other Recycling Program
No additional community-specific or other recycling programs are provided.

*Franchise haulers are listed on next page.
