The Orange County Stormwater Program Invites the Public to a Community Workshop

The National Pollutant Discharge Elimination System (NPDES) municipal stormwater permits are being renewed. A public workshop is being held to further community understanding of this creek, river and coastal water quality protection program, explain the proposed program changes and elicit community comments.

Monday, December 4, 2006 1:00 p.m. to 2:30 p.m. Peter & Mary Muth Interpretive Center 2301 University Drive Newport Beach, CA 92660
