

Frequently Asked Questions
COMMUNITY OUTREACH-PROMOTORA MODEL PROGRAM

What services does the Community Outreach-Promotora Model Program offer?

The program offers support groups, educational group presentations, parent education workshops, one-on-one services, and also connects community members with an array of additional community resources.

Does the program offer any clinical services?

The program does not offer any clinical services. All services are provided by our *promotores* (community health workers) who have received intensive training from an experienced clinical psychologist.

What is the contact phone number for this program?

All community members can contact the program at (714) 542-7792.
